

Needle Felting: Post Cards from the Beach

~ Free Creative Workshop ~

With Linda Dean-Farrar

Come along and paint with fiber! Join the fun of creating post card size pictures inspired by the beach. . . or any landscape you desire! Great project for beginners and for those with some experience there's opportunity to explore blending wool colors together to create subtle changes in landscape. This is a great way to learn to needle felt as well as to practice the craft in a group setting. Materials provided.
